Dear Sirs and Madames,

Our processed and delivered products are, to the best of our knowledge, in compliance with the requirements of the RoHS-Directives, 1907/2006 / EC (REACH) and the POP-Regulation.

Klein Solutions is not a manufacturer of substances (chemicals), but distributor of electro / mechanical components. As a result, the evaluation is based on information provided by our manufacturers and suppliers.

We will inform you if this situation could change in the future.

Yours sincerely
